Questionnaire / Survey

Below is an overview of the steps we undertake when reviewing your warehousing requirements: **Definition of Scope of Work** Non-disclosure agreement? **Core Business Definition** Strategic focus? Marketing strategy? Manufacture process? Market differentiators? Sales volume by region? Sales volume by customers? Budget and future planning? Customer perceptions and needs? **Inbound Logistics** Suppliers? Product profile?

Clearing requirements?
Purchase order management?
Volumes by route, road, air, sea?
Goods Receiving
Daily receipts?
Number of pallets, cartons, line items?
Components?
Finished goods?
Warehousing of Inventory Management
Product master?
Finished goods?
Components?
Size of assemble area?
Size of existing facilities?
Material handling equipment?
Number of BIN locations and size?
Warehouse Management Services?
Stock management and stock takes?
Size of receiving, picking and dispatch area?

Inventory Management System – Number of SKUs (Stock Keeping Units)? Order Process System? Current scenario? Order volume periodicity? Order processes and data capture? E-Commerce application? Pick / Pack Operations Flow racking? Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Order check and release? Number of orders per month? Outbound Logistics (per month) POD requirement?	Special requirements, product specific needs?
System? Current scenario? Order volume periodicity? Order processes and data capture? E-Commerce application? Pick / Pack Operations Flow racking? Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Inventory Management System – Number of SKUs (Stock Keeping Units)?
Current scenario? Order volume periodicity? Order processes and data capture? E-Commerce application? Pick / Pack Operations Flow racking? Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Order Process
Order volume periodicity? Order processes and data capture? E-Commerce application? Fick / Pack Operations Flow racking? Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	System?
E-Commerce application? Pick / Pack Operations Flow racking? Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	
Pick / Pack Operations Flow racking? Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Order processes and data capture?
Flow racking? Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	E-Commerce application?
Racking – bulk? Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Pick / Pack Operations
Lines per order? Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Flow racking?
Picking process? Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Racking – bulk?
Seasonality of volumes? Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Lines per order?
Order check and release? Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Picking process?
Gross, nett values per order? Number of orders per month? Outbound Logistics (per month)	Seasonality of volumes?
Number of orders per month? Outbound Logistics (per month)	Order check and release?
Outbound Logistics (per month)	Gross, nett values per order?
	Number of orders per month?
POD requirement?	Outbound Logistics (per month)
	POD requirement?

Lead time requirements?
Insurance requirements?
Gross / nett value per delivery?
Weight / volume per shipment?
Volumes by route, road, air, sea?
Current cost by division / location?
Number of shipments / consignments?
Consignee name and delivery destination?
Number and size of own vehicles, routes, kilometers, number of deliveries, age of vehicles, volume list of deliveries, trip details incl consignee, number of van sales, % sold per day, returns, cost of van deliveries?
Invoicing System
Reconciliation?
Debt management?
Other IT Platforms
MRP / ERP needs? Material Resource Planning?
Enterprise Resource Planning?
